

Junior *Team Golf*

Swan Lake Resort

Summer - Fall 2019

Swan Lake TeamGolf

TeamGolf is an ongoing, year round, practice and instructional program for junior golfers of all skill levels who are enrolled in grade school through high school.

TeamGolf is conducted in a group setting because it creates the ideal learning environment for kids to **enjoy and excel at golf**.

From grade school through to college, kids are part of a golf *team*. This team atmosphere is a vital **support system** for young, growing golfers.

Off season training is recommended by our staff for all golfers, even if it is only once per week. Becoming familiar with the **feel of the swing** all year allows learned skills to stay efficient and fresh, making the transition to the next golf season easier and **more successful**.
